## Last news

The COVID-19 situation has improved greatly in Turkey last months.

Didim has had unusual cold weather this winter, hail, minus degrees and even some snow.

The Board of directors has decided that our common apartment once again will be used for the purpose of the complex. This has the implication that our present caretaker (Salih) will move out by the end of February. If you have any questions in this matter, please address them to the Board.

Best regards from the Board of Directors, Prime Blue 3
